## ABOUT

Music club 4AD has been a unique cultural biotope in the Westhoek since 1988. With its rehearsal infrastructure and artists' residences, 4AD offers an answer to the needs of both professional musicians and amateurs.

The 4AD artists' house was created in 1988 and is **unique in Belgium**. Since then, the accommodation has grown into a popular place for musicians from home and abroad.

Since the move to the current location, the hotel became more and more a conscious concept. It is a huge advantage for bands to be able to **spend the night** on the site **after a gig, residency or rehearsal**. Loading and unloading is easy, both for the venue, the rehearsal spaces and the hotel. In addition, the venue can be used 24/7.

After 33 years, the house was given a full-fledged update. The result is a **sustainable house** that is a **place to sleep, live and be inspired** in the midst of the silence of the Westhoek region.

Artists are more than welcome to stay there for a performance, residency or rehearsal.
